

**To Parent Council & Nutrition Coordinator,**

Our Lunch is not only an integral part of fundraising for schools across Canada, it is also something that both parents and children look forward to when it arrives at their school. As parents involved in the food industry, we can appreciate your focus on value, nutrition and exposure to something a little out of the ordinary. This is why we take great care in delivering the very best hot lunch options to the children, parents, teachers and staff of all participating schools.

Saladaa has been a part of thousands of Lunch programs. Offering healthy noodle and rice dishes in mini take out boxes from over 10 different Asian countries, we are pleased to provide numerous customizable meat, vegan, vegetarian and gluten friendly options. Nutritious food and customizable dishes are not the only thing we offer. Each order comes to the school separated into classes. Additionally, each individual take-out box will have the name of the student/staff member who ordered it. Quick and convenient delivery, giving everyone more time to simply enjoy their

flavour filled meal. Rest assured, Sladaa has taken extensive measures to keep our customers and children safe. We have enhanced our safety guidelines and are following local and municipal protocols. With our newly implemented systems, we can ensure your food is made in a clean and safe environment. We invite you to come in and taste any of the delicious dishes we have to offer. Experience the same healthy, value-filled meals that your children can receive for their school hot lunch. You may just find your go-to dish in the process!

We look forward to meeting you and answering any questions you may have about starting a Saladaa Lunch Program in your school
